

### **Gun Lake Casino Ground Breaking is Invitation Only**

Please be aware that due to safety concerns surrounding pre-construction activities on the Gun Lake Casino site, attendance at the September 17 ground breaking on the Gun Lake Casino will be limited by invitation only as our number one priority is to provide a safe environment at the ground breaking ceremony.

The pre-construction activities include, among other things, demolition of the majority of the former Ampro building which will greatly reduce parking and walking areas.

While the Tribe would like nothing more than to accommodate everyone who would like to attend this community event we must put safety first and as a result we have had to limit the amount of guests in attendance.

We apologize in advance if we were not able to extend an invitation to you and please know that we mean you no disrespect. It's our hope to include the community in many more festive occasions leading up to and through Gun Lake Casino's grand opening later next year.

Thanks for your understanding,

Gun Lake Tribe

Chairman D.K. Sprague

A handwritten signature in black ink, appearing to read "DK Sprague", with a long horizontal line extending to the right.
